Test-Optional Policy for 2020-2021 Application Cycle

Due to the limitations on opportunities to prepare for and take the SAT and ACT because of the COVID-19 pandemic, Duke Kunshan is adopting a test-optional policy for the 2020-2021 application cycle. Students who do not submit SAT or ACT scores with their application this year will not be at a disadvantage in our admissions process. In the absence of standardized exam results, the admissions committee will place increased emphasis on the remaining components of your application, including high school performance, application essays, and, in some cases, an admissions interview. There are no additional requirements for those who choose test-optional, although applicants are welcome to submit any additional materials that they feel may strengthen their application. If you will not be submitting an SAT or ACT score with your application, please complete the test waiver form in your application portal so that your application receives full consideration.
